

JGX 047 DIVER RIB

The JGX 047 RIB is suitable for use as a dive tender, support vessel for private recreational use on commercial applications. She sports genuine *Orca Hypalon tubes which are tested & certified. The deep V entry on the bow ensures a very dry ride while the larger diameter tubes provide excellent stability. The integral composite structural grid prides for robust construction and is extremely strong, supported by additional built in PU buoyancy below the deck makes this vessel virtually unsinkable.
